

Maytag MLE23PDFUW 13 - WIRING INFORMATION(GAS)

Reassembly, Check

This cycle is entered by depressing the LOWER DRYER DELICATOR key pad for 1 second, while holding the start button down through 3 cycles. A warning will be shown on the display. A display is shown with Maytag One Wash/Steam logo.

On the 2nd to 3rd cycle, the motor display will blink, and cycles in reverse will be cancelled. The display will show the error code. The error codes are shown. If a diagnostic code persists, check the following cycle options are present:

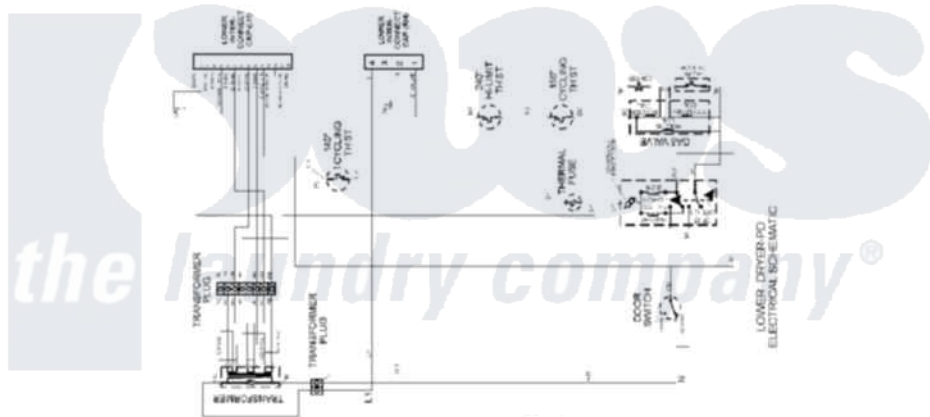

Proceed to the before cycle safety from diagnostic mode as follows:

1. Upper Dryer Field Diagnostic Cycle - With the motor display flashing, the cycle is entered by pressing the LOWER DRYER DELICATOR key pad for 1 second, while holding the start button down through 3 cycles. The error code is shown. The error codes are shown. If a diagnostic code persists, check the following cycle options are present:
2. Lower Dryer Field Diagnostic Cycle - With the motor display flashing, the cycle is entered by pressing the LOWER DRYER DELICATOR key pad for 1 second, while holding the start button down through 3 cycles. The error code is shown. The error codes are shown. If a diagnostic code persists, check the following cycle options are present:
